CITY OF LINDSAY

Contract For All- Concrete Design Build
Skatepark Project

This contract is made by and between the City of Lindsay, A Municipal Corporation ("City"), and _____ ("Contractor").

The undersigned hereby agrees to complete the design and construction of a 50' x 79' All-Concrete Skatepark. The current facility consists of a concrete slab with prefabricated features mounted to the slab's surface. The skatepark features and obstacles have exceeded their useful life and need to be removed to prepare the site for the new skatepark.

The project shall also be installed to meet the following criteria and the Scope of Work attached as Exhibit "A":

1. Prevailing Wage Requirement

In accordance with the provisions of Section 1770 to 1780 of the Labor Code, the City of Lindsay has ascertained that the general prevailing rate of per diem wages applicable to the work to be done is contained in the wage schedule of the General Prevailing Wage Determinations made by the State of California Director of Industrial Relations. A copy of said schedule is now on file in the office of the City Engineer and by reference incorporated herein as if set out in full.

The Contractor to whom the contract is awarded shall pay not less than the specified wages to all workmen employed in the execution of the contract.

The Contractor agrees to comply with Sections 1810-1817 of the Labor Code prohibiting employment for over eight (8) hours in any one day or forty (40) hours in one week unless compensated at the rate of 1½ times the basic rate of pay (LC 1815).

2. Insurance Requirements

a. Contractor shall procure and maintain for the duration of this contract insurance covering claims for injuries to persons and damage to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representative, employees, or subcontractors. Contractor will maintain the following coverage, and coverage shall be at least as broad as:

(1) **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 0001, including products and completed operations, with limits of no less than ONE MILLION AND NO/100 DOLLARS (\$1,000,000) per occurrence for bodily injury, personal injury, and property damage. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be TWO MILLION AND NO/100 DOLLARS (\$2,000,000), twice the required occurrence limit.

(2) **Automobile Liability:** ISO Form Number CA 0001 covering any auto (Code 1), with a limit no less than ONE MILLION AND NO/100 DOLLARS (\$1,000,000) per accident for bodily injury and property damage. **Workers' Compensation:** as required by the State

of California, with Statutory Limits, and Employer's Liability Insurance with a limit of no less than ONE MILLION AND NO/100 DOLLARS (\$1,000,000) per accident for bodily injury or disease.

If Contractor maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by Contractor.

Contractor's insurance policies shall be "occurrence" policies and not "claims-made" coverage.

Contractor may maintain an Umbrella policy in conjunction with the insurance policies referenced above. In such case, Contractor shall be deemed to have satisfied the insurance requirements of this contract as long as: (i) the coverage limits of the Umbrella policy and of the underlying liability policy(ies), when combined, satisfy each of the per occurrence and aggregate requirements identified in this subsection a.; and (ii) coverage under the Umbrella policy is as broad as and includes all incidents and events covered by the underlying insurance that it supplements.

b. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. Alternatively, the City may require Contractor to provide a financial guarantee satisfactory to the City guaranteeing payment of losses and related investigations, claim administration, and defense expenses within the retention.

c. The policies are to contain, or be endorsed to contain, the following provisions:

(1) The City and its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL and automobile liability policies with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations; products used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. General liability coverage can be provided in the form of an endorsement to Contractor's insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, officials, employees or volunteers.

(2) For any claims related to this contract, Contractor's insurance coverage shall be primary insurance as respects the City and its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City and/or its officers, officials, employees, or volunteers shall be in excess of Contractor's insurance and shall be non-contributory.

(3) Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the City.

d. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall furnish the City with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the City before work commences.

However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

e. Contractor hereby grants to City and its officers, officials, employees, and volunteers a waiver of any right to subrogation which any insurer of Contractor may acquire against the City and/or its officers, officials, employees, and volunteers by virtue of the payment of any loss under such insurance. Contractor agrees to obtain endorsements necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

f. The City reserves the right to modify the insurance requirements contained in this contract, including, without limitation, coverage limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

3. City Indemnification

Contractor agrees to indemnify, defend and hold harmless the City and its officials, officers, employees, agents and volunteers from and against all claims, demands, actions, injuries, liabilities, losses, costs or damages, direct or indirect, and any and all attorney's fees and other expenses which City or its officials, officers, employees, agents or volunteers may sustain or incur as a consequence of or anyway related to Contractor or its employees, agents and subcontractor's willful or negligent acts or omissions in the performance of the services and Contractor's responsibilities and obligations to be performed under this agreement or its failure to perform or comply with any of its obligations or responsibilities contained in this agreement. This indemnification shall survive the termination of this agreement.

4. Cost of Services

Contractor shall complete all work as identified in this bid proposal for the lump sum price of \$_____.

The Contractor shall once each month prepare an estimate (on forms furnished by the Engineer) of the total amount of work done and acceptable materials on hand (materials furnished and delivered by the Contractor on the ground and not used). The Engineer shall review the Contractor's monthly estimate for compliance with the provisions of the contract. Upon the Engineer's approval of the Contractor's monthly estimate, the City of Lindsay shall retain 5% of such estimated value of the work done and materials on hand and shall monthly pay to the Contractor, while carrying on the work, the balance not retained, as aforesaid, after deducting therefrom all previous payments and all sums to be kept or retained under the provisions of the contract. No such estimate or payment shall be required to be made, when in the judgment of the Engineer, the work is not the total value of the work done since the last estimate amounts to less than five hundred dollars (\$500).

Contractor shall provide a schedule of values that identifies each phase of the design and construction of the project and will be the basis for any progress payments made during the contract period.

5. Time of Completion

The Contractor shall complete all work as identified in this bid proposal in no more than 60 calendar days from the issuance by the City of a Notice to Proceed, which will occur immediately after this bid contract has been signed by both parties.

If work is not completed in specified time frame and no approved change orders extending contract time have been approved, the Contractor shall pay the sum of \$250.00 per day beyond the contract completion time in the form of liquidated damages.

Contractor shall comply with all applicable laws, rules, regulations and ordinances in its performance of this contract.

6. Compliance with Laws

Contractor shall use the proper standard of care in performing the services and shall comply with all applicable federal, state and local laws, codes, ordinances and regulations. In addition, if the request for proposal to provide professional services which are the subject of this contract cited any federal or state financial assistance involved in the project for which the services are provided, the Contractor shall perform all services in accordance with all applicable federal and state laws, rates and regulations.

7. Licenses

Contractor represents and warrants to City that it has all licenses, permits, qualifications, insurance and approvals of whatsoever nature which are legally required of Contractor to lawfully and competently perform the services. Contractor represents and warrants to City that

Contractor shall maintain a City of Lindsay business license.

8. Assignment and Subcontracting

The parties recognize that a substantial inducement to City for entering into this contract is the reputation, experience and competence of Contractor. Assignments of any or all rights, duties or obligations of the Contractor under this contract will be permitted only with the express consent of the City, which consent may be withheld in the sole and absolute discretion of City. Contractor shall not subcontract any portion of the services to be performed under this contract without the written consent of the City, which consent may be withheld in the sole and absolute discretion of City. If City consents to such subcontract, Contractor shall be fully responsible to City for all acts or omissions of the subcontractor. Nothing in this contract shall: (1) create any contractual relationship between City and subcontractor; (2) create any obligation on the part of the City to pay or to see to the payment of any monies due to any such subcontractor; or (3) relieve Contractor of any of its obligations and responsibilities under this contract.

9. Attorney's Fees

If an action at law or in equity is necessary to enforce or interpret the terms of this contract, the prevailing party shall be entitled to reasonable attorneys' fees, costs and necessary

disbursements, in addition to any other reasonable relief to which he may be entitled. Each party to this contract acknowledges that no representations, inducements, promises or agreements, orally or in writing, have been made by any party or anyone acting on behalf of any party which are not embodied in this contract, and no other agreement, statement or promise shall be valid or binding.

11. Invalidity

If any provision of this contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall nevertheless continue in full force and effect without being impaired or invalidated in any way.

13. Governing Law

Contractor has all requisite power and authority to conduct its business and to execute, deliver and perform the contract. Each party warrants that the individuals who have signed this contract have the legal power, right and authority to make this contract and to bind each respective party.
