**\*\*\* PUBLIC INFORMATION BULLETIN \*\*\***

There have been recent social media posts from a reported underage victim of an alleged sexual assault. In the post and subsequent comments, it has been indicated that the Lindsay Police Department did not complete a fair and impartial investigation into the victim's allegations. I would like to assure the public that the original allegations from 2018 into 2021 have been thoroughly investigated. In February of 2021, the Lindsay Police Department submitted the case for review to the Tulare County District Attorney's Office. In April of 2021, the District Attorney's Office rejected the case with no further requested investigation.

The recent social media posts contain new and or different allegations not represented in the original 2018 reports. The Lindsay Police Department will be contacting the indicated victim to investigate any further information and or new allegations not previously reported. New information will be thoroughly investigated by the Lindsay Police Department and forwarded for review once again to the Tulare County District Attorney's Office.

Should anyone have any information as to this case, you are encouraged to contact the Lindsay Police Department. In order for a proper investigation to be conducted, crimes need to be reported to the responsible agency.

Please understand, when juveniles are involved, nothing will be discussed publicly or with anyone other than the involved parties.
